## State of Alaska FY2024 Governor's Operating Budget

Department of Corrections
Probation and Parole Director's Office
Component Budget Summary

### **Component: Probation and Parole Director's Office**

### **Contribution to Department's Mission**

Provide overall leadership to support effective supervision of offenders in the community and to facilitate offender habilitation.

#### **Core Services**

• Plan, Direct, Organize and Control Activities of the Division

### **Major Component Accomplishments in 2022**

Continued work on Departmental policies, in an effort to target out of date policies and bring them current. Additionally, identifying policies that are not necessary or can be combined within other policies.

Continued updates in the Alaska Corrections Offender Management System (ACOMS) module as part of the changes due to changing legislation and needs of the division. This includes changes in regard to Field PO desktop reporting, PSI listing report, filtering for the substance test report, sorting of the field contact list, the addition of a fines and restitution report, and a new report to display office appointments. Continue to coordinate efforts with stakeholders of other criminal justice agencies and departments to help maximize the effectiveness of these changes and requirements.

Continued partnership with the Department of Labor and Workforce Development in Anchorage, Juneau, Fairbanks, and Palmer to ensure probation and parole officers were knowledgeable about the state's employment services and were making referrals to employment and educational services.

Continued to partner with Appriss Safety on the Victim Information and Notification Everyday (VINE) system to provide access to a 24-hour notification system with real-time updates from the Department on offender statuses to assist with victim and community safety.

The training academy has expanded the curriculum to meet statutory requirements regarding Pretrial, Probation and Parole (DP3) Officers. The new stand-alone academy training provides a more intense and targeted training to meet operational needs and statutory oversight. The DP3 academy is presented in three phases: Phase I is the Initial Program of Instruction, due within 30 days of hire; phase II is the virtual instructional portion; and phase III is the in-person portion held at the Training Academy in Palmer. Successfully graduated 16 officers in the first stand-alone academy.

Continued work with other state departments, coalitions, and community agencies for successful reentry across the state. These efforts focus on critical issues probationers face when released such as; employment, education, substance abuse and mental health treatment, health care services, housing, community and family support.

### **Key Component Challenges**

Recruit, hire and retain a workforce of trained supervisors, pretrial and probation officers and critical support staff.

Adequately supervise those on probation and parole for compliance with conditions of probation and parole and provide reentry services where resources permit.

Supervise offenders according to their risk and address criminogenic needs as determined by a standardized risk assessment. Criminogenic needs address the "why" and "what occurred" which led the offender to committing a crime.

Develop and implement expectations and standards for consistent supervision of offenders.

Adjusting practices to maintain public and officer safety, while following government directives of various levels across the state.

Update and increase the use of technology to seamlessly continue operations across the division. The ability to adopt these technological solutions varies widely depending on existing infrastructure and technology capabilities across diverse Alaska communities.

Preparing for and adapting to any deviations along any point in the justice continuum that will have direct or indirect impacts on community supervision. (e.g. delays in Court proceedings or efforts to reduce prison populations).

Implementation of evidence-based practices as identified by the National Institute of Corrections (NIC) to enhance public safety by improving department supervision practices and focusing on probationer/parolee success.

Provide orientation to both institutional and field probation officers to expand the number of applicants for housing assistance under the Tenant-Based Rental Assistance Program in the following communities: Fairbanks, Kenai, Homer, Juneau, Ketchikan, Kodiak, Petersburg, Sitka, Soldotna, Valdez, Wasilla, Palmer, and Wrangell.
